

Performance Fog Technology

PFT
PERFORMANCE FOG TECHNOLOGY

The next generation of anti-fog presents consistently clear, fogless performance... even after washing, wiping, and wear.

Cloudy, wet, difficult to see through
NO FOG PROTECTION

Standard protective coating that combats fogging
ANTI-FOG PROTECTION

Absorbs moisture and then spreads it consistently, providing clear, fog-free vision
PERFORMANCE FOG TECHNOLOGY (PFT)

All Bullhead Performance Fog Technology styles meet the ANSI/ISEA Z87.1-2020 anti-fog standard for advanced protection against blurry and foggy vision.

ANSI/ISEA
Z87.1-2020
ANTI-FOG

Performance Fog Technology

It only takes one moment

With fog-obscured vision, workers are at risk for eye injury and bodily harm. Productivity and compliance are also affected when glasses are removed to wipe away fog and condensation.

The best defense against fogging

Performance fog technology is a water washable, hydrophilic anti-fog coating cured and permanently bonded to lens. The coating absorbs moisture and then spreads it consistently, providing clear, fog-free vision. Easy to clean and smooth to the touch, performance fog technology lenses provide impact, abrasion, UV, and chemical resistance. They have been tested to EN166K, EN166N, and EN166UV standards and provide exceptional optical quality.
